STATE & NATIONAL
Awards
RECEPTION 2024

Welcome to the 2024 Annual State and National Awards Reception. At the University of Arkansas, our students have had a tremendously successful year. More than 300 students received nearly \$1.5 million in competitive scholarships, fellowships, grants, and internships during the 2023-2024 academic year. These awards at both the state and national levels were earned on the basis of academic achievement, research, and community involvement. Many students will use this funding to help pay for either undergraduate studies or future graduate work. Recipients, however, win far more than recognition and funding. These awards help them realize important goals as they move toward careers in business, STEM fields, medicine, international studies, architecture, social sciences, and the arts and humanities.

Many of the students here today have competed nationally as a member of a team, bringing credit to themselves, to their colleges, and to the University. Wherever their careers take them, these students want to make real contributions to their disciplines and to their communities.

To achieve such success, these excellent students work collaboratively with talented, well-known faculty members who are generous with their time and support, year after year. It is a winning combination.

The Office of the Provost and the Office of Nationally Competitive Awards are pleased to celebrate these accomplishments. Thank you for joining us today.
